家傳戶曉的雲吞

!"#\$%&#'()*+,-.

雲吞款式非常多；薄薄的雲吞皮內藏著豬肉、蝦肉或香菇等新鮮食材，吃一口，就如打開扭蛋，帶有驚喜。

There are many different types of wontons: inside the layer of delicate wrapper, there may be fresh ingredients such as pork, shrimp or mushrooms in the filling. Just like opening a gashapon capsule, a surprise is hidden within every bite.

此店以他們的酥皮蛋撻聞名。蛋撻的酥皮十分香脆，稍微有點咬口，牛油香味極重。蛋汁焗得十分完美，非常香滑，而且甜度剛剛好。

This shop is renowned for their puff pastry egg tarts. The flaky puff pastry is crisp but still with a little bit of bite to it, and is rich and buttery; the egg custard is baked perfectly and not too sweet.

沒有密集的摩天大廈，沒有水洩不通的人潮，沒有城市汽車的廢氣；悠閒的港色漁村風情，

Without the cluster of skyscrapers, without the swarm of crowds, without the clouds of exhaust; only with the
charm of the old days oozing from the old Hong Kong style fishing village.
